

Fostex® **T50RP**

This is “Sound you can Feel”...The Fostex T50RP stereo headphones are the flagship model of the Fostex ‘RP’ line employing Fostex’s proprietary and patented ‘RP Technology’. The newly developed ‘RP Diaphragm’ improves the overall frequency response in RP design and achieves high level input peaks of up to 3000mW.

Major Features

- **15k-35kHz Frequency response**
- **3000mW of maximum input.**
- Newly developed ‘RP Diaphragm’ employing copper foil etched on a polyimide film.
- Neodymium magnet for high sensitivity and excellent transient handling.
- Single, detachable cable for minimum signal transmission loss and ease-of-use.
- High-grade ear-pads and head-bands for increased comfort.
- Damped semi-open design for extended low-frequency and clear mid/treble reproduction.
