For duplication on a limited budget, Microboards offers the low-volume QD series of CD and DVD copiers. The QD series offers easy one-touch operation in a compact, economic package!

The QD series' **small footprint** and slim profile make it a great fit for the small office or music studio where space is at a premium. With **one-touch operation** and no computer connection required, QD duplicators can be run by anyone!

The QD series is available in a range of models to meet the needs of many different users. For users requiring simple, one-to-one duplication without a PC, the QD-52 is ideal, featuring 52X recording speed. Or, if your volume needs are a little higher, make three CDs simultaneously with the QD-123. If your demands include the occasional DVD copy, then the QD-DVD gives you all of the features of the QD-52, but with DVD support.

New from Microboards are the QD-125 and QD-127 models. Now, get the convenience of the original QD series with five or seven recorders in either CD or DVD model!

The QD series makes it easy to make backups, distribute your content, or provide copying services at the push of a button!
