### A10

Enclosure	2 way Bass reflex type
Speaker Unit	LF 10" cone HF 1" VC, Horn-TW
Frequency Range	65Hz-20kHz (-10dB)
Power Capacity	Noise* 125 W PGM 250 W Max 500 W
Nominal Impedance	8 Ω
Sensitivity	96dB SPL (1w, 1m)/123dB SPL (MAX)
Input Connectors	Phone jack × 1 SPEAKON × 1
Dimensions (W × H × D)	385 × 535 × 307 mm (15-3/16" × 21-1/16" × 12-1/16")
Weight	14.4Kg (31.7 lbs.)

### A12

Enclosure	2 way Bass reflex type
Speaker Unit	LF 12" cone HF 1" VC, Horn-TW
Frequency Range	65Hz-20kHz (-10dB)
Power Capacity	Noise* 150 W PGM 300 W Max 600 W
Nominal Impedance	8 Ω
Sensitivity	97dB SPL (1w, 1m)/125dB SPL (MAX)
Input Connectors	Phone jack × 1 SPEAKON × 1
Dimensions (W × H × D)	405 × 575 × 323 mm (15-7/8" × 22-5/8" × 12-3/4")
Weight	16Kg (35.3 lbs.)

### A15

Enclosure	2 way Bass reflex type
Speaker Unit	LF 15" cone HF 1" VC, Horn-TW
Frequency Range	60Hz-20kHz (-10dB)
Power Capacity	Noise* 200 W PGM 400 W Max 800 W
Nominal Impedance	8 Ω
Sensitivity	98dB SPL (1w, 1m)/127dB SPL (MAX)
Input Connectors	Phone jack × 1 SPEAKON × 1
Dimensions (W × H × D)	470 × 665 × 375 mm (18-1/2" × 26-3/16" × 14-13/16")
Weight	21.3Kg (46.9 lbs.)

### A12M

Enclosure	2 way Bass reflex type
Speaker Unit	LF 12" cone HF 1" VC, Horn-TW
Frequency Range	65Hz-20kHz (-10dB)
Power Capacity	Noise* 150 W PGM 300 W Max 600 W
Nominal Impedance	8 Ω
Sensitivity	97dB SPL (1w, 1m)/125dB SPL (MAX)
Input Connectors	Phone jack × 1 SPEAKON × 1
Dimensions (W × H × D)	575 × 405 × 323 mm (22-5/8" × 15-7/8" × 12-3/4")
Weight	15.6Kg (34.4 lbs.)

### A15W

Enclosure	Bass reflex type
Speaker Unit	LF 15" cone HF —
Frequency Range	50Hz-200kHz (-10dB)
Power Capacity	Noise* 250 W PGM 500 W Max 1000 W
Nominal Impedance	8 Ω
Sensitivity	97dB SPL (1w, 1m)/127dB SPL (MAX)
Input Connectors	Phone jack × 2 SPEAKON × 2
Dimensions (W × H × D)	485 × 622 × 485 mm (19-1/8" × 24-1/2" × 19-1/8")
Weight	20.9Kg (46.1 lbs.)

# A SERIES SPEAKERS

Specifically designed and voiced to deliver a clear, powerful sound. The all-new "A series" speakers from Yamaha are for those installations and applications where price and power matter.

# Powerful Sound Output with Outstanding Clarity

From solo entertainers to touring bands, jazz clubs to houses of worship, for any situation that needs a quality sound system, Yamaha's A Series speakers are worth a good look and listen. In addition to sounding superb and being capable of handling serious power, these speakers are light, compact and easily manageable when the system needs to be moved or reconfigured. They feature durable metal handles that will withstand nightly transportation, and are pole-mountable for optimum positioning in any room. Robust carpet covering and metal grilles are pluses, too, minimizing damage while looking downright handsome. But, of course, practicality isn't the only issue.

You want great sound, too. The A Series speakers feature optimally matched high-power woofers, compression drivers, and constant-directivity horns that deliver your sound to every corner of the room with every subtle nuance intact. There's also a range of five models to choose from, so you can create the system that is perfect for your touring or installation needs. One possible system is shown in the example below: a pair of A15 and A15W's for the house and a pair of A12M's on the floor or wherever you need them to hear precisely what you're playing or singing.

## System Example

## Features

- Pole mountable
- Hardwearing metal grills
- Durable metal handles
- Speakon™ connectivity
- Lightweight yet powerful
- Ideally matched to Yamaha EMX powered mixers and P series amplifiers
- 1" Pure Titanium Compression Driver

## YAMAHA A SERIES SPEAKERS—where price and power matter

The all new A Series speakers are specifically designed and voiced for those who care about their sound. With sound quality, durability, and affordability set as design priorities, this new range of speakers delivers powerful sound output with great clarity, and does it all at a great price. Yamaha has combined understanding of acoustics and advanced computer controlled woodworking to create the A series. With high-power woofers and real, dynamic compression drivers and constant directivity horns, they'll provide performance you didn't think you could afford!

### Sound Quality

High power woofers, dynamic compression drivers and constant directivity horns mean that sound quality has not been compromised.

### Quality

The A series share the same attention to detail and build quality-control as the top-end Yamada V series PA speakers.

### Practical

With robust carpet finish, durable metal grill and steel carry handles, A series are designed for life on the road or demanding environments. The addition of a Speakon™ connector ensures these speakers will easily slot into many existing setups.

### Wide variety of cabinets

Yamaha recognizes that their speakers are enjoyed in many different environments. From solo entertainers to gigging hands, from Club installation to places of worship. The 5 new A series speakers offer solutions for a wide variety of applications.
