## CM.205

This versatile CD mixer offers up serious options with style and convenience for the professional DJ. The CM.205 combines the benefit and utility of a dual top loading CD player with anti-shock buffer and full MP3 functionality. A solid Stanton 2 channel mixer completes this All-In-One "hybrid" solution for the contemporary DJ without sacrificing traditional quality.

CD Section includes:

- MP3 playback
- 20-sec. anti-shock buffer per side prevents CD "skips"
- Up to 16% pitch control with pitch bend
- Fader start
- Relay play

Mixer section includes:

- 2 line inputs to connect iPod, other MP3 device or more CD players
- Gain and 3 band EQ (+9/-26) per channel
- User replaceable crossfader
- 1/4" mic input with volume control
- Headphone output with cue pan

Specifications and appearance subject to change.
